Expanding Healthcare Technology Solutions for Home Health and Hospice Providers

Creach Family Holdings, a privately held investment firm focused on healthcare technology and tech-enabled services, announces the acquisition of HealthRev Partners, a provider of technology-driven revenue cycle management (RCM) solutions serving the home health and hospice market. This acquisition complements Creach Family Holdings' portfolio, including Careficient, a leading electronic medical record (EMR) provider for home health

and hospice agencies.

By combining HealthRev Partners' RCM expertise with Careficient's EMR platform, Creach Family Holdings aims to provide an integrated suite of solutions that streamline operations, optimize revenue cycles, and improve patient care.

Building a Comprehensive Solution for Home Health and Hospice Providers

HealthRev Partners is recognized for its technology-driven solutions that assist home health and hospice organ
