

# Maid to Satisfy Brings Advanced Cleaning Technology to Akron Homes This Winter

*Maid to Satisfy brings advanced cleaning tech to Akron with Protexus Sprayers and ProTeam MegaVacs, ensuring Cleaner, Healthier, and Happier Homes this winter.*

AKRON, OH, UNITED STATES, December 4, 2024 /EINPresswire.com/ -- [Maid to Satisfy Cleaning Service](#) is setting a new benchmark in winter cleaning and sanitization with its latest investment of \$12,000 featuring cutting-edge tools like the Protexus Electrostatic Sprayer and ProTeam MegaVacs. These innovations are the cornerstone of the company's Winter Deep Cleaning and Sanitization Services, designed to ensure Akron homes are cleaner, healthier, and ready for the holiday season.

"With the Protexus Sprayer and ProTeam MegaVacs, we're setting the bar high for [Akron cleaning services](#) and we are transforming the cleaning service experience for our clients altogether," said Anthony M. Leighton, President of Maid to Satisfy. "Our goal is to offer unmatched cleaning solutions that not only improve cleanliness but also create healthier living environments for families during the cold months."

Protexus Electrostatic Sprayer is Game-Changing Cleaning Technology for our home cleaning services in Akron

Maid 2 Satisfy: Our Maids Impress – Trusted Cleaning Services in Akron Ohio with a Heartfelt Touch

Cozy holiday vibes with a beautifully decorated Christmas tree, velvet-wrapped gifts, and a warm, inviting hearth.

The Protexus Electrostatic Sprayer introduces a revolutionary approach to sanitizing and disinfecting. Using 360-degree wraparound technology, the sprayer applies electrically charged disinfectant evenly across surfaces, including hard-to-reach areas, ensuring comprehensive germ elimination.

**Key Benefits:**

- Enhanced Surface Disinfection:** Electrostatic technology guarantees thorough coverage, adhering disinfectant to surfaces often overlooked by traditional methods.

- Comprehensive Germ Control:** Eliminates bacteria and viruses, providing families peace of mind during flu season and beyond.

- Eco-Friendly and Safe:** Utilizes Green Seal Certified hydrogen peroxide-based solutions that are both safe for families and environmentally conscious.

“With this technology, we’re bringing top-notch high quality disinfection and sanitizing services to homes, offering a higher standard of cleanliness that was previously unavailable in residential cleaning industry,” Leighton explained.

**ProTeam MegaVacs Provide Families with Cleaner Homes, Healthier Air**

Complementing the Protexus Sprayer is the ProTeam MegaVac, a vacuum system equipped with a 5-stage HEPA filtration system. This advanced vacuum traps fine particles, allergens, and pollutants, improving indoor air quality—a critical factor given that indoor air can often be more polluted than outdoor air.

**Features of the ProTeam MegaVac:**

- Improved Air Quality:** Captures allergens and fine particles, reducing respiratory irritants.
- CRI Gold Level Certified:** Recognized for its superior cleaning performance and safety on carpets and rugs.
- Sustainable and Efficient:** Designed to deliver powerful cleaning without compromising energy efficiency.

“The ProTeam MegaVac doesn’t just clean surfaces—it transforms the air you breathe, making homes healthier and safer for our clients,” Leighton emphasized.
