Global President & CEO,
ATMOS Global™*

[Valianatos](#), Global President and CEO of ATMOS Global Pty Ltd (ATMOS Global™), has been awarded the prestigious title of "The Most Visionary CEO Establishing Australia as a Thriving Hub for Innovation in 2024" by APAC Entrepreneur. APAC Entrepreneur is a support organisation dedicated to assisting entrepreneurs, aspiring entrepreneurs, and startups in the Asia-Pacific (APAC) region.

This recognition underscores Dr. Valianatos' resolute commitment to integrating next generation artificial intelligence, strategic management consulting, and advanced corporate sustainability, shaping industries and inspiring global change. Under his leadership of more than three decades, ATMOS Global has grown into a global

movement, delivering cutting-edge solutions across five continents in sectors such as mining, manufacturing, health, finance, energy, and utilities.

Dr. Valianatos' journey is a testament to the power of adaptive leadership in transforming industries and communities for a sustainable future. ATMOS Global's proprietary "Inspirational Foresight Leadership" approach empowers industries to navigate challenges and achieve sustainable success. ATMOS Global stands as a beacon where vision meets purpose, solving some of the world's most complex challenges with lasting solutions.

Adding to this distinguished accolade, Dr. Valianatos received a Certificate of Excellence for his Keynote Speaker presentation of our [ATMOS-Global-Quantum](#)™ ([press release](#)), at the esteemed 11th Global Webinar on Applied Science, Engineering, and Technology (November 26-

27, 2024), organised by the Global Scientific Guild. We express our sincere gratitude for extending the invitation to feature our keynote presentation at their prestigious conference and for their generous commendation.

The title of our article, published in the proceedings of this meeting was: 'ATMOS-Global-Quantum: a Next Frontier Strategy Adaptation Framework Integrating Advancements in Quantum and Spatial Computing for Groundbreaking Innovations'.

Our distinguished presentation at the Global Scientific Guild Conference explored the transformative impact of ATMOS Global's innovative ATMOS-Global-Quantum™ that allows organisations to visualise, simulate,

and optimise their strategies in real-time, empowering them to anticipate and respond to emerging trends and risks with unparalleled precision. By enhancing decision-making capabilities, it paves the way for transformative innovations that can redefine industries.

"This recognition is a testament to the collective vision and expertise of the ATMOS Global team. Together, we are shaping the future of innovation by combining cutting-edge technology with forward-thinking strategies," said Dr. Valianatos. "ATMOS-Global-Quantum™ is not just a framework; it is the blueprint for creating groundbreaking solutions that address complex global challenges."

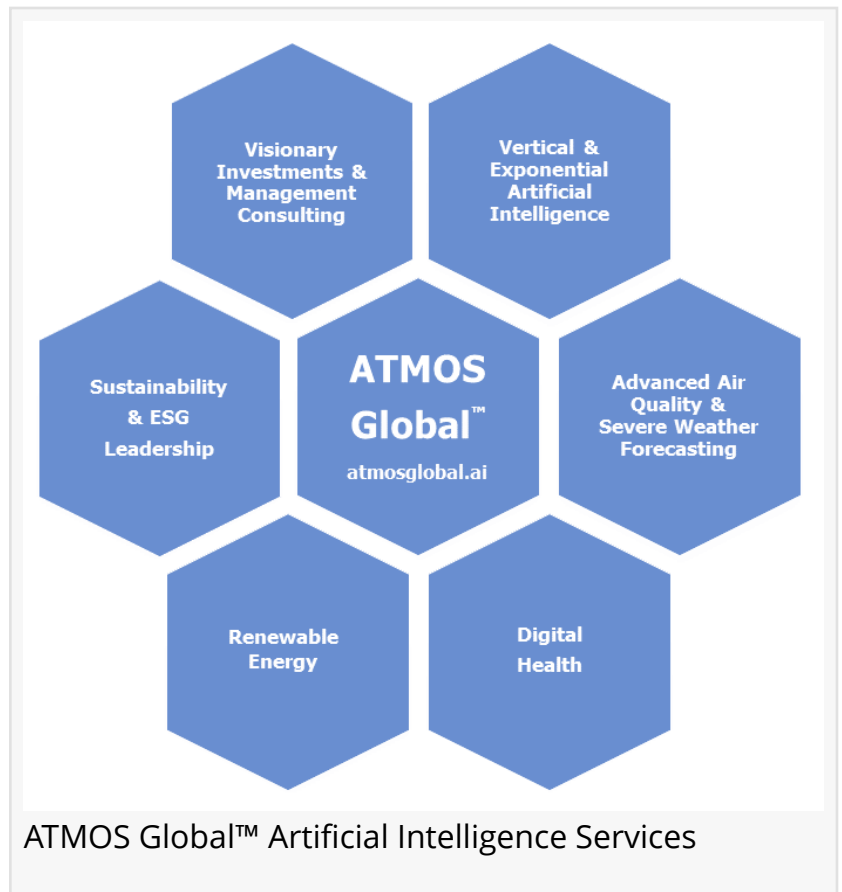

ATMOS-Global-Quantum™ is a cornerstone of ATMOS Global's commitment to advancing industries through bold, innovative solutions.

This double recognition cements Dr. Valianatos' role as a thought leader, further establishing ATMOS Global as a pioneer in visionary investments, sustainability, and AI-driven solutions.
