

# City Rooftop by Roland Stanczyk Wins Bronze in A' Interior Design Awards

*Luxurious Warsaw Apartment Recognized for Exceptional Design Blending Modern and Historical Elements*

COMO, CO, ITALY, December 4, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly prestigious recognition in the field of [interior](#) design, has announced that City Rooftop, a remarkable work by Polish architect [Roland Stanczyk](#), has been honored with the Bronze A' Interior Space and Exhibition Design Award. This esteemed accolade underscores the exceptional quality and innovation inherent in Stanczyk's design, which seamlessly blends modern aesthetics with historical influences to create a truly outstanding living space.

City Rooftop

City Rooftop's recognition by the A' Interior Space, Retail and Exhibition Design Award highlights its relevance to current trends and needs within the interior design industry. The apartment's thoughtful fusion of contemporary elements with design features typical of Warsaw interiors from the 19th and 20th centuries aligns with a growing appreciation for spaces that honor historical context while embracing modern functionality and comfort. This award validates the design's potential to inspire and influence future projects, setting a new standard for the harmonious integration of past and present in residential interior design.

Stanczyk's award-winning design distinguishes itself through its meticulous attention to detail and the seamless integration of historical and modern elements. The apartment's decor features works by renowned Polish artists from the 20th century, such as Leszek Nowosielski, Jerzy Mierzejewski, and Henryk Musiałowicz, alongside a classical sculpture by contemporary artist Tomasz Górnicki. The bespoke furniture and doors, crafted from real wood with intricate veneers

and lacquers, pay homage to Polish ornamentation from the 1920s and 1930s while maintaining a distinctly modern aesthetic. This masterful blend of art, craftsmanship, and design creates a luxurious and culturally rich living space that is both functional and visually captivating.

The Bronze A' Interior Space and Exhibition Design Award serves as a testament to Roland Stanczyk's skill, creativity, and dedication to his craft. This recognition is expected to inspire the architect and his team to continue pushing the boundaries of interior design, exploring new ways to harmonize historical and contemporary elements in their future projects. As City Rooftop sets a new standard for luxurious, historically-sensitive apartment design, it is poised to influence the direction of the interior design industry in Poland and beyond, encouraging a deeper appreciation for the artful integration of the past and present in residential spaces.

#### About Roland Stanczyk

Roland Stanczyk is an experienced interior architect with a deep interest in Polish history, particularly its architectural heritage. For the past 20 years, he has been designing interiors for residences, apartments, and public utility buildings in Poland, and more recently, in the United States and Great Britain. Stanczyk is known for his ability to blend modern and historical design elements, often incorporating works by Polish artists from the 20th century into his projects. His meticulous attention to detail and commitment to preserving the historical integrity of the spaces he transforms have earned him a reputation as one of Poland's leading interior architects.

#### About Bronze A' Design Award

The Bronze A' Design Award recognizes outstanding designs that demonstrate a high level of creativity, functionality, and professional execution. This prestigious accolade is bestowed upon designs that showcase innovative use of space, excellent material selection, functional layout, masterful color schemes, proficient lighting design, and adherence to sustainable practices. Bronze A' Design Award-winning projects are acknowledged for their potential to positively influence industry standards and enhance the quality of life for users. The rigorous selection process, involving blind peer review by an expert jury panel based on pre-established evaluation criteria, ensures that only the most deserving and impactful designs receive this distinguished honor.

#### About A' Design Award

The A' Interior Space, Retail and Exhibition Design Award is a highly respected international competition that recognizes and promotes excellence in interior design. Established in 2008, the A' Design Award attracts a diverse range of participants from across the globe, including leading interior design firms, innovative companies, and influential brands. By showcasing the work of talented designers and celebrating their achievements, the A' Design Award aims to advance the interior design industry and inspire future trends. The competition is judged by a panel of

esteemed design professionals, industry experts, journalists, and academics, who evaluate entries based on strict criteria to ensure the highest standards of quality and innovation. Through its recognition of outstanding interior design projects, the A' Design Award seeks to make the world a better place by promoting the transformative power of good design.
