

Medina Kasimova's "Depths" and "TIME TO ART" Theme to Shine at 'Reflective Surfaces' Exhibition During Art Basel Miami

.ART Registry's Official Artist featured in cutting-edge digital art exhibition by Art Innovation Gallery

MIAMI, FL, UNITED STATES, December 5, 2024 /EINPresswire.com/ -- Art and nature merge in a breathtaking dialogue at Reflective Surfaces, a cutting-edge digital art exhibition by Art Innovation Gallery. Taking place from December 6th to 8th, 2024, aboard a docked vessel at 401 Biscayne Blvd, this exhibition transforms Miami's coastal waters into a dynamic backdrop for artistic expression. Among the featured artists is Medina Kasimova, whose generative digital masterpiece, "Depths," will be presented with the theme "TIME TO ART."

“

Medina's art exemplifies the transformative power of creativity, merging seamlessly with the fluid, reflective environment of the exhibition to inspire and engage audiences.”

Ulvi Kasimov, .ART Founder & CEO

Medina's work captures the essence of transformation and interconnectedness. Her signature piece, "Depths," blends vivid, dreamlike imagery with dynamic reflections, embodying the resilience and beauty of the human spirit. The "TIME TO ART" message continues her recent exhibition of six generative works displayed across 37 digital screens in Baku, Azerbaijan, during the COP29 Global Climate Conference. This theme underscores the urgency of embracing creativity as a catalyst for dialogue and change, particularly in addressing global challenges.

“We are honored to bring Medina's work to this

extraordinary setting during one of the most significant art weeks in the world,” said Ulvi Kasimov, .ART Founder and CEO, and Medina's father. “Medina's art exemplifies the transformative power of creativity, merging seamlessly with the fluid, reflective environment of the exhibition to inspire and engage audiences.”

Reflective Surfaces invites visitors to experience how digital art interacts with the movement of waves, the play of light, and the shifting dynamics of the sea. The exhibition, which coincides with Art Basel Miami and Miami Art Week, transforms the vessel into a living, breathing art installation, merging the digital with the natural world. Medina's work, alongside contributions from over 50 global artists, bridges the worlds of generative art, sustainability, and cultural innovation.
