

Dallas Plastic Surgeon, Dr. Rod J. Rohrich, to Host the 28th Annual Dallas Cosmetic Surgery and Medicine Meeting

Dallas plastic surgeon and Meeting Chair, Dr. Rod J. Rohrich, to host the 2025 Dallas Cosmetic Surgery and Medicine Meeting, to be held February 27-28, 2025.

DALLAS, TX, UNITED STATES, December 5, 2024 /EINPresswire.com/ -- Dallas plastic surgeon and Meeting Chair, Dr. Rod J. Rohrich, will host the annual Dallas Cosmetic Surgery and Medicine Meeting, to be held February 27th and 28th, 2025.

This meeting, along with the Dallas Rhinoplasty Meeting which takes place immediately afterwards, includes panel discussions, video feeds with expert commentary, live demonstrations, and

a unique cadaver anatomy lab which gives participants direct hands-on experience as well as guided interaction and instruction with the [global experts in cosmetic surgery](#).

The presentations are specifically delineated to give the participant the latest and innovative techniques and emerging technologies.

These lectures are presented by some of the most highly experienced surgeons and providers that will cover the latest trends, industry updates, and offer expert guidance on advanced applications of cosmetic treatments with a special emphasis on evidence-based medicine. Both meetings are routinely attended by surgeons from around the world.

"The movement toward evidence-based plastic surgery doesn't have a concrete end," explains meeting chairman, Dr. Rohrich. "This is truly a change in the way we practice our profession - a change that sets the stage for continual advances and improvements, always with an awareness of our perpetual duty to assure the safety and satisfaction of our patients."

The annual meeting, which is open to board certified plastic surgeons, facial plastic surgeons,

otolaryngologists, oculoplastic surgeons, dermatologists, residents, aestheticians and other non-physician providers, will focus on advances in topics such as aesthetic devices, advanced injection techniques, innovations in breast augmentation, and detailed analysis of facial anatomy.

This meeting will feature presentations and instruction on Finesse in Blepharoplasty, [Precision Facelift Surgery](#), Deep Plane Facelifts, Safety in Facelift Surgery, Safety in Breast Augmentation, Fat Grafting in Breast Augmentation, New Breast Implant Options, and High Definition Liposuction, among many other topics.

A key feature of the meeting is the cosmetic cadaver lab, which allows attendees hands on participation and direct observation of experts performing live demonstrations. This portion will be open to plastic surgeons, otolaryngologists, oculoplastic surgeons, and residents studying those medical specialties.

"The Dallas Cosmetic Surgery and Medicine Meeting offers unprecedented opportunities for surgeons to enhance their skills and understanding of cosmetic surgery and cosmetic medicine," says Dr. Rohrich.
