About Meta World (Exolo)

Situated in The Opus Tower and inspired by the iconic Zaha Hadid, the Meta World Headquarters stands as a testament to visionary design. Spanning 6,000 square feet, this project is far more than a conventional office space—it is a dynamic environment that reflects Meta World’s forward-thinking ethos. The design captures the essence of fluidity, movement, and cutting-edge technology, offering a transformative experience for its occupants.

Key features of the Meta World HQ include:

- **Technology:** The office integrates state-of-the-art technology to enhance creativity and communication. Interactive meeting rooms and advanced audiovisual systems support the innovative nature of the space.
- **Light:** Natural light streams through expansive windows, filling the space with a bright and uplifting atmosphere. The strategic placement of windows not only enhances the aesthetic appeal but also promotes the well-being of its occupants.
- **Layout:** The open-plan design features carefully designated areas for focused work, ensuring that every element serves a specific purpose and contributes to the overall design narrative.
- **Sustainability and Wellness:** The design prioritizes eco-friendly materials and practices, making it both an environmentally responsible and aesthetically pleasing workspace. Biophilic design elements further promote the well-being of employees, promoting a healthy, vibrant environment.

A Reflection of Excellence in Design and Build

HTS Interiors’ win at the 2024 Design Middle East Awards further solidifies the company’s position as a leader in the interior design and fitout industry. The Meta World Headquarters stands as a true example of innovation and sustainable design, blending technology, wellness, and creativity into a cohesive environment.
