support. While giving back to the local community has always been a hallmark of the company, the foundation provides a way to broaden the reach to support more people in need.

Sal F. Mangano, President of Mangano Family Funeral Homes and Founder of the Mangano

“

The creation of this foundation is in honor of my late mother Barbara. I can think of no better way to honor her legacy than with the launching of this foundation.”

Sal Mangano

Family Foundation says, “The creation of this foundation is in honor of my mother Barbara, who recently passed away. She was a pillar of the community, and I can think of no better way to continue her commitment and honor her legacy than with the launching of this foundation.”

Launching the foundation to support the local community is a meaningful way to establish a lasting impact and foster a spirit of giving. By establishing this foundation, we will identify pressing local needs involving education, our seniors, veterans, and those facing difficult economic times

and create initiatives to address them. Through strategic giving and community engagement, it is our goal to inspire positive change, build resilience, and empower individuals and organizations to thrive.
