

Google Doc Real-Time Sync Revolutionizes SMP Players for Digital Signage

CAYIN Technology introduces a new SMP players, enabling real-time Google Doc sync to simplify digital signage management and supporting multi-output upgrades.

TAIPEI CITY, TAIWAN, December 9, 2024

/EINPresswire.com/ -- CAYIN

Technology unveils its latest SMP-2400 digital signage player, revolutionizing content management with seamless Google Doc integration. Users can instantly sync updates from Google Docs to their digital signage displays, streamlining workflow efficiency.

Google Doc Real-Time Sync with CAYIN SMP Players for Digital Signage

Real-Time Sync, Simplified Operations

With user-friendly integration, SMP players eliminate the learning curve. Perfect for applications like restaurant menu updates and real-time event notifications, this feature significantly enhances content publishing efficiency.

Dual Outputs and Upgradable Flexibility

SMP-2400 supports dual outputs by default, with an option to upgrade to triple-output for greater customization and versatility.

Setting New Standards in Digital Signage

Renowned for stability, performance, and convenience, SMP-2400 empowers businesses to achieve operational excellence.
