EINPresswire.com/ -- Northern RE, a leading global reinsurance company with a focus on data-driven portfolios of property and casualty risk, was named “REINSURANCE FIRM OF THE YEAR” at the prestigious THE CAYMAN AWARDS 2024.

Winners were selected based on responses to an online poll, as well as phone interviews with select contacts, taking into account the effectiveness, efficiency and professionalism of institutions in a range of categories relevant to the industry.

“We’d like to thank Captive International and their readership for this very prestigious honor,” said Anthony McKelvy, Co-Founder, Managing Partner, Northern Re. “This award is a testament to the commitment and dedication the team has in providing the best service to our valued clients worldwide.”
