

Delivery Robot Market Size Projected To Reach Approximately \$30.05 billion by 2030

Increase in the number of online shopping sites and preferences for online orders are key factors causing a rise in demand for the delivery robots.

WILMINGTON, NEW CASTLE, DE, UNITED STATES, December 10, 2024 /EINPresswire.com/ -- The global [Delivery Robot Market](#) was valued at \$3.53 billion in 2020, and is projected to reach \$30.05 billion by 2030, registering a CAGR of 24.5% from 2021 to 2030. The factors such as increase in demand for contactless and fast delivery of packages, developments in the e-commerce industry, and rise in technological advancements such as incorporation of AI and machine learning drive the growth of the delivery robot market. However, limited range of operation of ground delivery robots and stringent regulations pertaining to operations of delivery robots act as a key growth restraint for the market.

For more information, contact Allied Market Research (1000 17th Street, Suite 1000 - 218, Washington, DC) at: <https://www.alliedmarketresearch.com/request-sample/A11721>

Based on region, North America contributed to the highest share in 2020, holding more than half of the total share, and is expected to maintain dominance throughout the forecast period. On the other hand, Asia-Pacific is expected to portray the fastest CAGR of 27.5% during the forecast period.

The [Delivery Robot Market report](#) offers an in-depth analysis of the market size, future estimations, emerging and current trends, and key players. Factors such as developments in the e-commerce sector and demand for contactless delivery boost the delivery robot market across the globe. However, restricted range of delivery robots and strict regulations concerning the operations of delivery robots create restraints for the market. On the other hand, preference for contactless delivery in the post-pandemic era would create the opportunity for delivery robots.

postal. The food & beverages segment accounted for the highest revenue in 2020.
