Will Vermilion Harvest bring a bright light to such a dark time? Perhaps bring attention and ensure that evil history never repeats itself?

Vermilion Harvest begins in a politically tense Amritsar, India, where Aruna, an Anglo-Indian schoolteacher, and Ayaz, a feisty Muslim law student, fall in love only to discover that courting openly is easier said than done. Not only are they from different communities, but his political activism during the tumultuous year of 1919 comes at the cost to their romance. Against the deadline of a military order, Aruna, who is only nineteen, must find her lover and warn him about Colonel Dyer's impending attack on Jallianwala Bagh.

An attack that is eventually heard around the world. Playtime at the Bagh during Baishakhi is a metaphor for Colonel Dyer's rain of bullets released upon thousands on that one fateful day of April 13th, 1919. Love, hate, denial, and betrayal are wrapped inside this single love story capturing today's hope with yesterday's despair.

Indignor House challenges any reader to not shed a tear while turning the pages of this exciting love story that is wrapped so tightly within the lines of history that one fails to remember what day it is. A tragic history still felt by millions, echoing through the rotation of time. The Jallianwala Bagh could only be exited on one side, as the others were blocked. After stationing the only exit with his troops, Colonel Dyer ordered his men to shoot randomly at the crowd, continuing to fire even as the protestors tried to flee.

Women and men were shot down as they hovered to protect their children. Dyer's troop continued to fire until their ammunition was exhausted, and the only thing allowed to flow freely was their blood. Britain never formally apologized for the massacre but did express a "deep regret" in 2019. Perhaps Vermilion Harvest will awaken that country to count their blessings and send their apologies to the citizens of India for that most horrendous and unforgivable day.

For history lovers everywhere or if you're just wanting a good read to sweep you away to a different time and a different world, Vermilion Harvest - Playtime at the Bagh by Reenita M. Hora is just the book for you. Available where all great books are sold.
