Steve Hornyak, CEO for Turntide Technologies

Turntide Technologies designs, engineers, and manufactures best-in-class electric motors, power electronics, energy storage, and thermal equipment for all things that move—on the road, off the road, on rails, and on the water. With breakthrough innovations like their axial flux motors, Turntide is setting a new standard for electric vehicles and equipment of all sizes.

“This partnership with Economy supports Turntide's goal of helping OEMs develop optimized electric power systems for their vehicles and equipment, including the use of axial flux motors, a disruptive motor technology that decreases

size and weight with increased power and torque,” said Steve Hornyak, CEO for Turntide Technologies.

“Economy is pleased to welcome Turntide Technologies to our Ecosystem and incorporate their solutions into architecture concepts for upcoming OEM programs,” said Anthony R. Giesey, SVP

& Head of Brands for EVONOMY Group. "Turntide's exceptional portfolio demonstrates their commitment to supporting the advancement of electrification across multiple mobility verticals."
