Trade shows are a crucial part of marketing strategies, as they allow brands to present their products, target customers, and find new business partners. In the recent

years, there has been continuous increase in the popularity of trade shows, hence, they are mostly organized on huge venues. Furthermore, grand ceremonies include conferences and corporate galas. In team-building events, the major aim is to build a strong relationship and trust among the team members. Furthermore, induction programs are held in the beginning of the month the most common start date for newly hired employees.

As per the Europe events market trends, based on the type, the meeting and conference segment dominated the market in 2020. Event companies and service providers are recognizing the impact of business meetings on revenue and brand. The incentive is estimated to be the fastest-growing segment. Incentive programs event companies in the Europe are increasing their focus on providing their incentive travelers with complete designed packages and deals for enhancing the experience of travelers.

Therefore, the corporate sector offers various opportunities for the event management companies to organize events, contributing to huge revenue generation, which, in turn, augments the [growth of the Europe events market](#). The growth of the events industry is majorly driven by upsurge in frequency of corporate meetings, conferences, tradeshows/exhibitions, and other events.

The Europe events market is highly fragmented owing to the presence of numerous players in the market. These market players are constantly engaged in various developmental strategies such as acquisition, mergers, partnership, business expansion, and new product launches, which increases the intensity of competitive rivalry in Europe and helps them to exploit Europe events market opportunity.

Based on the SMEs, the small and medium enterprises segment was the leading segment, garnering a market share of 74.0% in 2020. The huge presence of the small and medium sized enterprises and the increased volume of corporate events conducted by them has propelled the growth of this segment. Small and medium enterprises are said to be the backbone of the European economy.

According to the perspective of the top-level CXOs, the events industry is growing at a significant

pace, and is anticipated to continue this trend in the coming years. Events are playing a vital role in revenue generation and brand equations for corporates and associations. It has been witnessed that events of the recent years are equally interesting than the past decade, driving shifts in choice and pressurizing event planners and owners. This industry is witnessing the entry of new and independent players who are leveraging technology to gain a competitive advantage in the today's consolidated environment. However, companies are facing challenges in this industry to manage live inventory for simple and small events. Conversely, the focus of companies is to enhance attendee experience and witness successful completion of an event without any hindrance.
