Image One was among 350 franchise brands, representing over 8,500 female franchise owners, that participated in Franchise Business Review’s research on the Top Franchises for Women. Image One’s franchisees were surveyed on 33 benchmark questions about their experience and satisfaction regarding critical areas of their franchise systems, including leadership, training & support, financial opportunity, and work/life balance.

“It is reassuring and highly motivating to be included among these incredible opportunities for female franchise owners. We’ve always placed an emphasis on equipping

every one of our franchise owners with the skills and knowledge necessary to succeed,” said Tim Conn, President and CEO of Image One USA. “The positive feedback we’ve received from our female franchise owners reaffirms our approach to franchisee support and our value of female empowerment through entrepreneurship. This recognition is a reflection of the enjoyment and success our female franchisees have experienced, and I hope it will motivate others to consider joining our Image One family as well.”

Franchise Business Review (FBR), a franchise research firm that performs independent surveys of franchisee satisfaction, provides the only reviews of franchises based solely on actual franchisee

satisfaction and performance. Franchise Business Review publishes its rankings of top franchises in its annual Guide to Today's Top Franchises, as well as in quarterly reports throughout the year that recognize the top franchises in specific sectors.

"Franchising is a terrific option for women seeking business ownership on a full- or part-time basis," said Michelle Rowan, president and COO of Franchise Business Review. "With so many franchise opportunities to choose from, it's critical to do in-depth

research to understand how satisfied current female franchise owners are with the training and support, work/life balance, financial opportunity, culture, and leadership of any brand they're considering before making an investment. When you look at the brands on this year's list of the Top Franchises for Women, 89% of women said they enjoy being part of their franchise organizations, and 88% said they enjoy operating the business, making them all excellent options for women looking to make the transition to business ownership."
