Apple's M-series Silicon chips with easy to use mouse and keyboard controls. There is also a separate version is for Apple TV, available as a free download to purchasers of the iOS version.

The game was designed by Magnin & Associates, produced by Ed Magnin, and programmed by Willie Johnson, Jr.. Angel Hernandez was QA lead.

Texas PowerGrid Challenge Screenshot

According to Ed Magnin, "Power grids are increasingly in the news, especially as storms or cold-weather approaches. Texas has the largest single-state power grid in the country. We wanted to create a resource management simulation to give our customers a taste of what it's like to control that much electrical power.
