

AlphaSix Announces New Senior Vice President, Growth

Federal IT and data solutions firm welcomes Kristin Cooke

WASHINGTON, DC, UNITED STATES, December 12, 2024 /

EINPresswire.com/ -- [AlphaSix](#), a leading provider of cutting-edge solutions in cybersecurity, data analytics, and IT modernization for federal agencies, is proud to announce the appointment of Kristin Cooke as senior vice president, growth.

With over 30 years of experience driving success in federal market growth at industry leaders such as Booz Allen Hamilton, Unisys and Acuity, Kristin spearheads AlphaSix's strategic development initiatives to expand its impact across federal agencies.

Driving Federal Market Growth with Expertise.

In her new role, Kristin leads AlphaSix's long-term growth strategy, working collaboratively with technical and business teams to position the company for continued success in the evolving federal landscape.

Her focus includes expanding AlphaSix's presence in key agencies such as the Department of Treasury, the Department of Health and Human Services and the Department of Justice, while exploring opportunities in new federal markets.

Kristin's extensive background in navigating complex challenges—such as rapid technological advancements, emerging threats, and federal workload demands —positions her to help AlphaSix deliver compelling solutions that enable federal agencies to achieve their missions

Kristin's deep understanding of the federal market and proven ability to deliver results align perfectly with our mission to support federal agencies with innovative, reliable solutions."

Jeff Posey, CEO, AlphaSix

effectively and efficiently.

"I am thrilled to join AlphaSix at this exciting time in its growth journey," said Kristin. "The company's reputation for delivering mission-critical solutions and its commitment to driving innovation through Generative AI, data analytics, and cybersecurity are unique and unparalleled. I look forward to collaborating with the talented AlphaSix team to expand our impact and continue delivering measurable value to the federal sector."

A Leader and Disruptor in Federal IT Solutions.

AlphaSix is a leading provider of cybersecurity, data analytics, IT modernization, and AI-driven solutions for federal agencies. With a dynamic team of seasoned professionals, AlphaSix delivers mission-focused services that empower federal agencies to navigate complex challenges and achieve operational excellence.

AlphaSix is a recognized innovator in the federal IT market, disrupting traditional approaches by integrating advanced technologies such as Generative AI to enhance efficiency, compliance, and quality in federal operations.

The company's commitment to excellence is reflected in its CMMI and ISO 9001 certifications and its partnerships.

Operating in a market facing significant expansion, AlphaSix is well-positioned to capitalize on major trends in AI, cybersecurity, and IT modernization. These advancements are reshaping the federal IT landscape, creating opportunities for AlphaSix to continue delivering tailored, high-impact solutions.

Jeff Posey, AlphaSix's chief executive officer, remarked, "Kristin's expertise and leadership will be instrumental in helping AlphaSix achieve its strategic growth objectives. Her deep understanding of the federal market and proven ability to deliver results align perfectly with our mission to support federal agencies with innovative, reliable solutions."
