Apartment Homes Announces Limited-Time Rent Offer in Atlanta

[Quarry Apartment Homes](#) announces a limited-time rent special with rates starting at \$999 per month, aimed at providing accessible housing options in Atlanta.

The Need for Affordable Housing in Atlanta

Atlanta has experienced significant population growth in recent years, intensifying the demand for affordable housing. A 2023 study by the Urban Land Institute (ULI) revealed that the city's five core counties—Clayton, Cobb, DeKalb, Fulton, and Gwinnett—have grown by 9%, yet the number of cost-burdened households has outpaced this growth by 15% since 2018.

This indicates that a substantial portion of residents are spending a disproportionate share of their income on housing costs.

Further analysis shows that there is currently no ZIP code in these core counties where individuals earning 80% or less of the area median income (AMI) can afford a median-priced home. This affordability gap underscores the critical need for accessible housing solutions in the Atlanta region.

The Quarry Apartment Unit

In response to this challenge, organizations like Atlanta Housing have taken steps to address the shortage. As of July 2024, the Atlanta Housing Board approved key resolutions to finance and construct 1,039 new housing units, with 903 designated as affordable. This effort represents an investment of approximately \$105 million in housing opportunities and resources.
