"In our 31st year, the Excellence in Technology Awards continue to showcase the best innovations in learning, talent management, talent acquisition, HR, workforce management, and sales enablement technologies. We are proud to receive applications from a diverse range of organizations globally, reflecting the ever-evolving landscape of technology solutions," said Brandon Hall Group Chief Operating Officer Rachel Cooke, leader of the Excellence Awards program.

Entries were evaluated by a panel of veteran, independent senior industry experts, Brandon Hall Group analysts, and executives based upon these criteria: fit the need, program design, functionality, innovation, and overall measurable benefits.

Excellence Award winners are scheduled to be honored at Brandon Hall Group's HCM Excellence Conference, January 28-30, 2025, at the Hilton West Palm Beach, Florida. Select winners will also serve as presenters in breakout sessions, sharing their leading practices during the conference. "Our awards program is distinguished by the thorough evaluation process led by industry experts. Judges meticulously score each entry, and our executive leadership team at Brandon Hall Group reviews and validates the judging and scoring. The level of the award is solely determined by the number of points, ensuring a fair and unbiased recognition of excellence in technology," said Brandon Hall Group Chief Executive Officer Mike Cooke.
