

FXBO Launches v1.2 Mobile App Update with Improved Partner Area for Brokerages

CYPRUS, December 13, 2024

/EINPresswire.com/ -- [FXBO](#), a leading forex [CRM](#) platform, is proud to announce the release of its v1.2 mobile app update, introducing a robust Partner Area designed to transform how brokerages engage their partnerships on the go.

With the v1.2 update, brokerages using the FXBO mobile app can now seamlessly onboard partners directly from their mobile app. The latest update brings significant improvements for Introducer Brokers (IBs), offering a suite of advanced tools and features to streamline operations, increase efficiency, and provide greater control over their activities. This enhancement reflects FXBO's ongoing commitment to delivering innovative solutions that cater to the evolving needs of its user base.

Key Features of the v1.2 Update:

- **Partner Account Management:** IBs can now easily view the application status of their accounts, ensuring greater transparency.
- **Detailed IB Tree and Statistics:** Access an expanded referral hierarchy and in-depth analytics to better monitor and evaluate performance.
- **Campaign Monitoring:** Track clicks, registrations, and activities to optimize ongoing campaigns.
- **Funds Management:** Seamlessly transfer funds and process withdrawals directly within the app.

By incorporating these features into its mobile platform, FXBO enables brokerages to effectively

manage their IBs while offering them the convenience and flexibility of using their smartphones.

“With the v1.2 update, brokerages can now bring their partner management capabilities to the next level, leveraging mobile convenience to enhance efficiency and grow their networks” said Dmitriy Petrenko, CEO. “This innovation reinforces our commitment to helping brokerages succeed in an increasingly competitive market.”

FXBO continues to outpace industry standards by delivering user-centric updates, ensuring its mobile app remains robust, reliable, and functional for brokers at all levels.

Availability

The v1.2 update is now available for download on both iOS and Android platforms.
