

Our Lady Collection by Camilla Marcondes Wins Iron A' Design Award in Jewelry Design Category

Camilla Marcondes receives prestigious recognition for her unique and contemporary jewelry collection inspired by the Virgin Mary.

COMO, CO, ITALY, December 13, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of [jewelry design](#), has announced [Camilla Marcondes](#) as a winner in the Jewelry Design category for her exceptional work, "Our Lady Collection." This prestigious recognition highlights the significance of Marcondes' innovative and contemporary approach to religious jewelry, setting a new standard within the industry.

The Our Lady Collection's recognition by the A' Design Award is not only a testament to Marcondes' skill and creativity but also a reflection of the collection's relevance to current trends and needs within the jewelry industry. By reimagining traditional religious imagery with a fresh, artistic perspective, Marcondes has created a collection that resonates with modern consumers seeking unique and meaningful pieces.

What sets the Our Lady Collection apart is its departure from conventional medal-shaped religious jewelry. Each necklace in the collection, representing the seven most revered Virgin Mary titles worldwide, features exclusive designs that capture the essence of these iconic figures while infusing them with a contemporary aesthetic. The result is a series of beautiful, dainty, and distinctive pieces that showcase Marcondes' artistic vision and technical proficiency.

Winning the Iron A' Design Award serves as a powerful motivation for Marcondes and her team

Our Lady Collection

to continue pushing the boundaries of jewelry design. This recognition validates their commitment to crafting pieces that not only stand out for their beauty but also hold deep meaning for those who wear them. As Marcondes continues to explore new ways to interpret religious iconography through her unique lens, she is poised to make a lasting impact on the jewelry industry.

About Camilla Marcondes

Born into an architectural family, Camilla Marcondes graduated with a degree in Industrial Design. After exploring various creative fields, including decoration, landscaping, and floral design, she discovered her passion for jewelry design. Driven by a personal need for distinctive, high-quality pieces, Marcondes began designing and crafting her own jewelry. She honed her skills through specialized courses and quickly gained recognition, supplying accessories to prominent fashion brands and designers in Rio de Janeiro. Today, Marcondes continues to create exceptional jewelry that showcases her unique style and dedication to her craft.

About A' Design Award

The Iron A' Design Award recognizes designs that meet the rigorous standards set by the A' Design Awards. Recipients of this award demonstrate a solid understanding of design principles, creativity, and practical innovation within their respective fields. The Iron A' Design Award acknowledges the skill and dedication of creators who address real-world challenges through thoughtful design, ultimately contributing to the advancement of the jewelry industry. The award criteria encompass various aspects, including innovative concepts, artistic expression, craftsmanship excellence, material selection, wearability, design aesthetics, sustainability, cultural relevance, and commercial viability.

About A' Design Award

The A' Design Award is an international, juried design competition that recognizes and promotes superior products and projects across all industries. Organized annually since 2008, the A' Design Award welcomes entries from visionary designers, innovative agencies, forward-thinking companies, and influential brands worldwide. By participating in this distinguished award, entrants have the opportunity to showcase their creativity, gain global exposure, and be acknowledged for their exceptional design capabilities. The ultimate aim of the A' Design Award is to recognize and promote superior designs that advance and benefit society, contributing to the creation of a better world.
