EINPresswire.com/ -- [One, Two, Smile! Photobooth](#), California's premier photo and video booth rental company, announces the launch of its premium [Glam](#) and [Vogue photo booth](#) experiences, designed specifically for luxury events, fashion shows, and high-profile celebrations across California. These new offerings combine professional photography with cutting-edge technology to deliver magazine-worthy shots at any event.

"Our premium photo booth experiences transform ordinary events into unforgettable moments," says Ms. Andrea Sy, spokesperson for One, Two, Smile! Photobooth. "We're bringing the same photo technology preferred by celebrities and influencers to events throughout California."

The Glamour Photo Booth, inspired by celebrity events, features signature smoothing filters and professional studio lighting that create flawless black and white photographs. The Vogue Booth elevates the experience further with a full LED lighting system that recreates the paparazzi experience, complete with a mini runway for the ultimate red-carpet moment.

Both offerings include instant social media integration, luxury prints, and professional photography, serving clients from San Francisco to Los Angeles. The company provides statewide service, reaching areas including Beverly Hills, Santa Monica, Napa, and beyond.

Recent client Jennifer Woo shares her experience: "Great customer service. You can also see yourself on the screen before your picture is taken. I loved how I got a print out as well as was sent high quality files through email. They also have props and a nice background."

The company's commitment to creating custom experiences has resonated with corporate clients as well. "We loved having One, Two, Smile! Photo Booth at our gala this year!" says Hearing Speech. "We had guests of all ages enjoying the photo booth. It was a great set up,

simple to use, and Christian was super friendly to all of our guests!"

Another satisfied client, Vicki Dasilva, notes: "My son a bit shy to take a photo, but they did a great job making him comfortable. The photo came out great."
