Beach Towels for Kids

Innovative Design for Everyday Use

Zippy Kids products go beyond the typical [beach towel](#) by offering a combination of functionality, comfort, and style. Each hooded towel is made from 100% absorbent cotton, ensuring quick drying and a soft feel against children's skin. The towels are designed with thoughtful features, such as a protective hood to keep hair out of their faces, long sleeves for extra warmth, and a convenient pocket for storing small essentials.

A standout feature of Zippy Kids Hooded Towels is the high-quality YKK zipper, allowing children to easily zip the towel on and off independently. This promotes self-sufficiency and makes life easier for parents during busy beach, pool, or bathtime routines.

Versatile and Practical for All Adventures

The Zippy Kids collection is perfect for a range of activities, offering a reliable solution for keeping children dry and cosy. Whether it's a post-swim wrap-up, a bathtime routine, or a picnic by the water, these towels are designed to handle it all. The [kids beach towels](#) provide excellent coverage and protection, with a UPF50+ rating to shield children from the elements during outdoor adventures.

These towels are not only functional but also stylish, available in a range of vibrant colours that appeal to children and parents alike. The combination of practicality and design ensures they are suitable for both everyday use and special outings.

A New Digital Experience for Parents

The launch of the new website marks an important step in enhancing customer experience.
