

# Pennsylvania Emergency Response Center Raises Funds for Drone Donation to Volunteer Search and Rescue Team

*The Pennsylvania Emergency Response Center has successfully raised funds to donate a cutting-edge drone*

HEBRON, CT, UNITED STATES, February 26, 2025 /EINPresswire.com/ -- The [Pennsylvania Emergency Response Center](https://www.pennsylvaniaemergencyresponsecenter.org/) has raised funds to secure the donation of a state-of-the-art drone for their operations, a move set to revolutionize their response capabilities. This initiative, in partnership with the National Public Safety Drone Donation Program ([NPS-DDP.org](https://www.nps-ddp.org/)), reflects the organization's unwavering commitment to enhancing public safety and supporting community-driven efforts in critical situations.

The Emergency Response Center, composed of a dedicated volunteer Search and Rescue (SAR) team, shared the crucial need for UAV (Unmanned Aerial Vehicle) technology in their operations:

“

Drones empower search-and-rescue teams to work smarter and faster, offering unparalleled efficiency in emergency situations. We are proud to support the Pennsylvania Emergency Response drone program”

*Mark Langley*

"As a volunteer search and rescue team, we are working with a small team of volunteers to cover large areas of land when looking for missing persons. The impact that UAVs have had on the SAR field is incredible. The donation of a drone to our team would only improve the speed at which our team, and the teams we work with, would be able to respond and protect our patients."

Donation Details  
Purpose:

The drone will enhance the team's ability to conduct large-scale searches, reduce response times, and increase success rates during missions to locate missing persons.

#### Technology:

The donation includes a high-performance UAV system equipped with advanced imaging tools, thermal cameras, and extended flight capabilities. These features will allow for precise aerial surveillance, even in challenging environments.

#### About the Pennsylvania Emergency Response Center

The Pennsylvania Emergency Response Center is a volunteer-driven organization dedicated to search-and-rescue missions and emergency response efforts. Their team's dedication and innovation in public safety have established them as an indispensable asset to the community. About the National Public Safety Drone Donation Program (NPS-DDP.org)

NPS-DDP.org is a 501(c)(3) foundation committed to providing drone technology to public safety agencies. By collaborating with organizations like the Pennsylvania Emergency Response Center, NPS-DDP.org ensures first responders have access to tools that enhance their ability to save lives and serve communities effectively.
