DETROIT, MI, UNITED STATES,
December 18, 2024 /

EINPresswire.com/ -- The Michigan Mesothelioma Victims Center is urging a navy veteran in Michigan who served on a navy surface ship and has recently been diagnosed with mesothelioma or lung cancer to please call the Detroit based lawyers at Zamler Shiffman & Karfis at 866-714-6466. The lawyers at the law firm of Zamler Shiffman & Karfis have been assisting navy veterans who have developed mesothelioma or lung cancer for over forty-five years and they have a remarkable track record when it comes to client compensation results.

The group says, "Navy Veterans are still the number one work group when it comes to individuals who develop mesothelioma or lung cancer in large part because these types of people had so much on the job exposure to asbestos. The most at risk type of navy veteran served before the mid-1980s and was assigned to a surface ship. Of these types of navy veterans the most at risk sailors served on a ship's repair crew, maintenance team, in the engine room, machine shop, or as a welder, electrician, mechanic, or machinist. A navy surface ship veteran might have also had extreme exposure to asbestos if they were required to stay with their ship

at a shipyard and assist shipyard workers.

"If your husband or dad is a navy veteran anywhere in Michigan with mesothelioma or lung cancer, please call the Detroit based lawyers at Zamler Shiffman & Karfis anytime at 866-714-6466. The lawyers at Zamler Shiffman & Karfis have been assisting people like this for over 45 years and they have remarkable references."
