SAN FRANCISCO, CA, UNITED STATES, December 19, 2024 / EINPresswire.com/ -- QUEEN OF THE WORLD prophecies revealing the future of everything begins Monday, December 23, 2024.

Queen Of The World delivers hilarious predictions about the future of humanity Sunny Side YouTube (@sunnysidecomedy), TikTok (@sunnysidecomedyfun), and Bluesky (@sunnysidefun.bsky.social).

“

Comedy so oddball that it is conflict free.”

Bill Allard

"The goal is to release jokes so oddball they are conflict free," laughs Bill, "and, at the same time, make the world aware of the 500+ Sunny Side comedy videos inspired by Duck's Breath Mystery Theatre that are currently posted on the site."

Duck's Breath co-founder Merle Kessler wrote the predictions, Suzy Schoonmaker voices the Queen, and J Raoul Brody produces music for the QUEEN OF THE WORLD series/playlist.

"The jokes Merle churned out were for a live show later this year," Bill explains, "but decided to develop them into a short comedy video series and glad we did. Suzy knocks the jokes out of the park, and, after release, the joke will be a public comedy link for comedy lovers of all ages until the end of digital time!"

Sunny Side collective goal is to produce and distribute ultra-low budget comedy films featuring Sunny Side actors, editors, musicians and graphic artists.

The immediate goal is to build an audience of like-minded comedy lovers by producing and distributing technically perfect QUEEN OF THE WORLD and DOCTOR SCIENCE comedy videos.

DOCTOR SCIENCE started posting Monday through Friday on June 24, 2024. There are currently 137 question and answer sketches posted. The series will continue to posting alongside the QUEEN OF THE WORLD oddball prophecies.

DOCTOR SCIENCE series features Duck's Breath co-founder Dan Coffey as Doctor Science and Merle Kessler as Rodney. The comedy video visuals are built on the "Ask Doctor Science" radio series produced by Duck's Breath and distributed by American Public Radio. Over 2,000 radio shows were written and performed by Coffey and Kessler and preserved in the Duck's Breath Digital Archive thanks to archivist, Taylor Jessen. A Sunny Side goal is to turn all those radio shows into comedy videos with forever links.
