How In-home Pet Euthanasia Works

Through CodaPet's website, pet parents can easily book in-home pet euthanasia performed by a licensed vet.

Before the appointment, the vet contacts the family to address any questions or concerns they might have.

The vet assists the family by going over the diagnosis and applying a quality-of-life assessment to objectively assess the pet's health and ensure there is no uncertainty about the need for euthanasia.

For those who need support with aftercare, CodaPet can also assist with transportation and cremation services.

The visit takes, on average, one hour. Pet parents have a window of time to be with their pets privately before and after the euthanasia procedure, which lasts about 15 minutes. The vet only

starts the euthanasia process when everyone is ready. This helps bring closure to all family members involved in the end-of-life care of a pet.

Benefits of In-home Pet Euthanasia include:

1. **Compassion:** In-home pet euthanasia allows for a more compassionate approach to end-of-life care. Pets can be surrounded by their loved ones, receive individual attention and care, and pass away peacefully in a familiar environment.
2. **Comfort:** One major benefit of in-home pet euthanasia is the comfort it provides to both the pet and their owners. The familiar surroundings of home can help reduce anxiety and stress for pets, making the process more peaceful. In addition, being surrounded by loved ones can provide a sense of support and comfort during a very difficult time.
3. **Control:** In-home pet euthanasia also allows pet owners to have more control over the experience. They can choose the time and place of the euthanasia, as well as who will be present. In addition, in-home euthanasia allows owners to personalize the experience, including choosing the location, music, lighting, and other factors that can make the experience more meaningful.
4. **Closure:** Being able to say goodbye in a meaningful way can be an essential part of the grieving process. In-home pet euthanasia allows for a more intimate farewell, which can provide closure and help with the healing process.

In-home Pet Euthanasia Costs

The starting price of in-home euthanasia starts at \$375 in Baton Rouge. The aftercare and cremation price begins at \$220 and varies depending on factors such as the driving distance, the pet's size, and the option for private or communal cremation.
