About Smif-N-Wessun:

Hailing from Bucktown, a borderless place where otherwise warring Brooklyn neighborhoods find peace, Smif-N-Wessun, aka Tek and General Steele, are recognized and respected worldwide for their lyrical control.

Their presence commands with simple Timberlands, and since their debut on Black Moon's *Enta Da Stage*, and an appearance soon after on Mary J. Blige's "I Love You" remix, Smif-N-Wessun never once strayed. They've never gone pop.

"I think we keep each other grounded in that respect," says Steele, "and yeah we stay on the block, our community, our neighborhood, our families. We go back home after the tour, we spread the love, we share merch with cats that probably never leave the block ... That's where our true riches come from."

Infinity is more than an album—it's a celebration of resilience, artistry, and the enduring legacy of Smif-N-Wessun.
