

Automation and Control Market 2033 Worth 1,650 Billion USD, Growing at 11.2% CAGR

ABB, Siemens, Schneider Electric, and AG are among the key players in the market.

TOKYO, JAPAN, December 17, 2024
/EINPresswire.com/ --

The Automation and Control Market is projected to reach a value of 1,650 billion USD by 2033, growing at a CAGR of 11.2% from 2022 to 2033. The market is driven by the increasing demand for automation in manufacturing, healthcare, and other industries. The market is also expected to be driven by the growing adoption of cloud-based automation solutions and the increasing use of artificial intelligence in control systems.
