

Infinite by Maryam Hosseini Wins Iron in A' Fashion and Travel Accessories Design Award

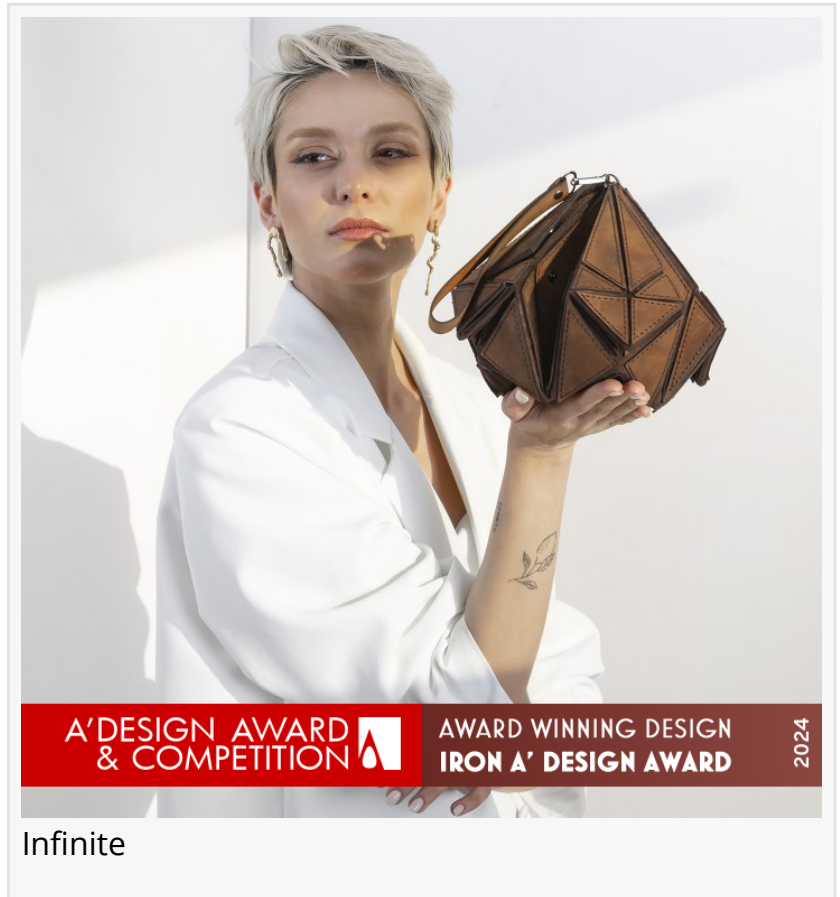

Maryam Hosseini's Convertible Bag, Infinite, Receives Prestigious Iron A' Design Award in Fashion and Travel Accessories Design Category

COMO, CO, ITALY, December 17, 2024 /EINPresswire.com/ -- The A' Design Award, a highly respected and well-recognized award in the field of accessory design, has announced [Maryam Hosseini's](#) innovative convertible bag, [Infinite](#), as the recipient of the Iron A' Design Award in the Fashion and Travel Accessories Design category. This prestigious recognition highlights the significance of Infinite within the accessory industry, positioning it as a noteworthy achievement in design excellence.

Infinite's unique design aligns perfectly with the evolving needs and trends of the accessory industry. Its versatile and convertible nature offers users the flexibility to adapt the bag to their changing preferences and styles. By providing a sustainable solution that combines durability with adaptability, Infinite showcases its relevance and practical benefits for consumers, the industry, and stakeholders alike.

What sets Infinite apart is its ingenious origami-inspired design, which allows the bag to transform into at least 40 different shapes while maintaining its functionality. Crafted from 96 pieces of genuine cow leather and featuring 18 no-sew snap metal buttons, the bag's design draws inspiration from the geometric patterns found in the dome of the music hall of Aali Qapu, an imperial palace in Iran. This fusion of traditional architecture and modern design results in a bag that is not only visually striking but also highly practical.

The Iron A' Design Award recognition serves as a testament to Maryam Hosseini's dedication to

pushing the boundaries of accessory design. This achievement is expected to inspire future projects within her brand, fostering further innovation and exploration in the field. The award also motivates Hosseini and her team to continue striving for excellence, as they work towards creating accessories that combine functionality, aesthetics, and sustainability.
