EINPresswire.com/ -- In her deeply moving and empowering memoir, "[When Hard Lilies Cry](#)," Manal Suleiman Shurafa takes readers on a 26-year journey through her battles with two cancers, her efforts to prevent two more, and her quest for resilience in the face of life's toughest challenges. This story unfolds with survival, faith, and hope, resonating with anyone who has faced trials or stood by a loved one during a health crisis.

"When Hard Lilies Cry"

After receiving a breast cancer diagnosis, Shurafa was forced to face questions no one is ever fully ready to answer: How does someone confront weeks filled with uncertainty, unsure of their fate between life and death? How does a parent share difficult news with their children, and how do they nurture them while facing challenging treatments? How does a mastectomy impact a person's sense of self? Will a marriage survive?

Shurafa, a woman of science and a person of faith, presents a distinctive viewpoint on balancing rational choices with emotional and spiritual needs. Her honest insights shine a light on discovering purpose and growth, even in the face of the toughest challenges. Writing this served as both a way for her to process her experiences and a means to reach out to others.

Critic Lily Amanda from Pacific Book Review praises the book as "a tribute to unparalleled sacrifice." Amanda praises the author for offering profound and transformative insights that guide readers through emotional, psychological, and mental challenges, all while overcoming

severe physical injuries.
