

Anshar Labs Launches 90-Day Fast Track MVP Blueprint, Slashes Time-to-Market By 60%

CHICAGO, IL, UNITED STATES,
December 17, 2024 /

EINPresswire.com/ -- [Anshar Labs](#), a leading digital innovator has officially launched their long-anticipated Fast Track MVP Blueprint. This unique service is designed to help companies develop and launch fully-functional digital platforms in just 90 days, shortening time-to-market by as much as 60%.

“Today’s forward-thinking businesses need digital solutions that can be deployed quickly without sacrificing quality,” says Pinaki Saka, Founder and CEO of Anshar Labs. “Our Fast Track MVP Blueprint helps customers innovate in a way that’s more agile while shortcutting time-to-market and outpacing their competitors.”

The Fast Track MVP Blueprint offers a number of time-saving benefits for companies of all sizes, helping them iterate from concept to fully-developed digital product prototype, without needing to uproot their existing systems. These benefits include:

Our Fast Track MVP Blueprint helps customers innovate in a way that’s more agile while shortcutting time-to-market and outpacing their competitors.”

Pinaki Saka

Rapid Market Entry - Anshar Labs’ MVP method helps businesses launch their digital solutions up to 60% faster than traditional methods. Be the first to market.

High-Quality Digital Prototyping - Build a superior platform experience in just 90 days or less while saving thousands of hours of development time.

Works with Existing Software - Anshar Labs' MVP process works with existing workflows, software and integrations to help companies launch seamlessly without slowing down.

Gain a Competitive Advantage - The Fast Track MVP Blueprint lets businesses iterate quickly and launch with confidence without impacting existing development cycles.

Anshar Labs' Fast Track MVP Blueprint has already been successfully used by industry leaders including Samsung, Genentech and Kraft Foods, helping them dramatically cut development time, improve overall productivity and enhance the customer experience.

Saha notes, "We've designed the Fast Track MVP Blueprint to help companies of all sizes launch and scale with a Minimally Viable Product in record time.

Our proven process allows them to go from concept to creation with less risk and higher returns."
