

2024-2032 Electric Ships Market Forecast

ABB・Honeywell International・Inc.・Rolls-Royce PLC・Wartsila・Kongsberg

TOKYO, JAPAN, December 18, 2024

/EINPresswire.com/ --

The global electric ships market is projected to grow from

in 2024

and reach approximately

by 2032, according to a new report by Exactitude Consultancy.

The market growth is driven by increasing demand for sustainable shipping and regulations promoting the use of electric power in the maritime industry.

The report highlights the significant role of major players such as

in the market. These companies are investing heavily in research and development to develop advanced technologies and solutions for electric ships.

The market is also expected to benefit from the increasing adoption of automation and digitalization in the maritime industry.

The report provides a comprehensive analysis of the market, including market size, growth rates, key players, and future trends.
