

# Saniflow Corp.'s U-Flow Wins Prestigious Readers' Choice Award for Breakthrough Technology

*A testament to design excellence, Saniflow Corp. announces their U-Flow hand dryer has been honored with this prestigious award.*

MIAMI, FL, UNITED STATES, December 30, 2024 /EINPresswire.com/ -- [Saniflow Corp.](https://www.saniflowcorp.com) is proud to announce that its groundbreaking [U-Flow](#) hand dryer has been awarded the prestigious Readers' Choice Award and was deemed winner in the category of 'Breakthrough Technology' for 2024. Additionally, the electric hand dryer also received an honorable mention in the category of Innovation as well. The 'Facility Maintenance Decisions and Facility Cleaning Decisions Readers' Choice awards' are intended to honor and celebrate products that best meet the needs of the facility maintenance and commercial cleaning industries. The program recognizes manufacturer winners in eight main categories, and honors innovation and excellence in products that contribute to the efficient and profitable operations, maintenance, and cleaning of institutional and commercial buildings in the U.S.

A Design Reimagined

U-Flow 2024 Award Winner

The image is a black rectangular box containing the Saniflow logo, which includes the text "saniflow corp" and "a mediaclinics company". Below the logo, it says "Your partner in washroom equipment". At the bottom, it provides the email address "Email: [sales@saniflowcorp.com](mailto:sales@saniflowcorp.com)" and the website "www.saniflowcorp.com".

Contact Saniflow Today

The U-Flow's innovative U-shaped design redefines the hand-drying experience. Its ergonomic form and intuitive controls offer a seamless and hygienic process. By enabling users to dry their hands in a natural motion, the U-Flow minimizes the risk of cross-contamination and promotes a more comfortable and efficient experience. Partnering a seamless process with a new design.

#### Key Features of the U-Flow:

- Plug-in Technology System: Easy installation and maintenance for reduced downtime and costs.
- HEPA Media Filter: Enhanced air quality by filtering out harmful particles.
- Ionization Technology: Neutralizes airborne pollutants, creating a healthier environment.
- Biocote® Antimicrobial Protection: Inhibits the growth of bacteria on the unit's surface and is placed on the inside surface area of the U-Flow.

Hands Through Technology

#### Another Win for Innovation

The Readers' Choice Award marks the second major recognition for the U-Flow. In 2024, the product was honored with the iF Design Award for its outstanding design and innovative features. These accolades shed light on Saniflow Corp.'s commitment to pushing the boundaries of design and technology to create exceptional products that enhance the user experience and contribute to a more sustainable future. Saniflow has not only led the way in adopting technologies that promote the responsible use of resources, but they have also set new standards in energy efficiency within the washroom accessories industry.

#### About Saniflow Corp.

Saniflow Corp. is a leading manufacturer and distributor of commercial hand dryers and baby changing stations. With a focus on innovation, sustainability, and user experience, Saniflow Corp. is dedicated to providing high-quality products that meet the needs of today's demanding market.
