December 24, 2024 /

EINPresswire.com/ -- Oklahoma City Rehabilitation Hospital, situated at 10240 Broadway Extension in Oklahoma City and operated by [Nobis Rehabilitation Partners](#), is thrilled to announce a major expansion project. This development will introduce 18 additional patient beds and enhance the nurse station to optimize workflow and efficiency for our dedicated healthcare team.

Oklahoma City Rehabilitation Hospital

“We are proud to expand our Oklahoma City Rehabilitation Hospital and increase our capacity to care for our patients,” said Chester Crouch, President & Founder of Nobis Rehabilitation Partners. “This expansion is a testament to our commitment to delivering high-quality rehabilitation services and improving the quality of life for the individuals we serve.”

“

We are proud to expand our Oklahoma City Rehabilitation Hospital and increase our capacity to care for our patients.”

*Chester Crouch, Founder and  
Chief Executive Officer*

Oklahoma City Rehabilitation Hospital remains dedicated to its mission of delivering exceptional care through inspired people, industry-leading programs, innovation, and strong partnerships within the Oklahoma City and surrounding communities. The addition of these 18 beds is not just a numerical increase; it represents the dedication to serving the community, delivering results, and returning people to the life they love. Oklahoma City Rehab Hospital currently has one of the highest in the nation Discharge to Community percentages.

Construction on the expansion project is set to begin in early 2025, with the aim of opening the additional space by Q3 2025. In the meantime, the dedicated team will continue providing high-

quality care and support to the hospital's existing patients without interruption.
