

# City of Houston Selects Beacon Bid as Its New E-Procurement Platform for Bidders

AUSTIN, TX, UNITED STATES, December 19, 2024 /EINPresswire.com/ -- Beacon Bid is proud to announce that the City of Houston, the fourth largest municipality in the United States, has selected its E-Procurement platform to streamline supplier engagement and bidding processes. This upgrade marks a significant step in modernizing Houston's procurement system.

Suppliers interested in receiving upcoming notices and updates from the City of Houston will be able to easily register at their [dedicated registration page](#). Registration is completely free for suppliers.

“

The monumental rise and smart growth we've experienced over the past few years underscores the trust we've earned in the procurement community.”

*Jim Ward, Implementation  
Director at Beacon Bid*

“Beacon Bid's supplier interface sets a new standard for ease of use within the procurement industry,” stated Stephen Hetzel, CEO, Beacon Bid. “Combined with our extensive supplier network—the largest in the market—Beacon Bid offers unmatched connectivity and efficiency for procurement professionals and suppliers alike.”

Reflecting on Beacon Bid's continued success, Jim Ward,

Implementation Director at Beacon Bid, shared, “The monumental rise and smart growth we've experienced over the past few years underscores the trust we've earned in the procurement community. With this growth comes a heartfelt responsibility to continue developing and delivering innovative, reliable solutions for agency partners like the City of Houston.”

Beacon Bid looks forward to working closely with Houston's suppliers and providing updates on how to register for free solicitation alerts. The official launch date will be shared in the near future.

About Beacon Bid

Beacon Bid is an Austin-based technology company leading innovation in the procurement space. The platform enables government agencies to publish solicitations, engage with suppliers, and collect responses efficiently, featuring one of the most comprehensive searchable databases of [RFP specifications](#), vendor market research, cooperative contracts, and AI-based solicitation generation tools.
