Finland DMARC & MTA-STS Adoption Report 2024

PowerDMARC's 2024 Finland DMARC & MTA-STS Adoption Report analyzed 715 Finnish domains to examine the adoption levels of various email authentication protocols.

PowerDMARC publishes their Finland DMARC & MTA-STS Adoption Report for 2024

DE, UNITED STATES, December 19, 2024 /EINPresswire.com/ -- PowerDMARC is a global leader in managed domain security solutions that not only provides email authentication to various businesses but also makes regular analyses of the digital security posture of countries from all around the world. Their latest analysis covers the adoption levels of DMARC and MTA-STS in Finland.

PowerDMARC's Finland DMARC & MTA-STS Adoption Report includes the following important details:

- Sector-wise Analysis: Instead of limiting its analysis to a single sector, PowerDMARC has extended the scope of its investigation to 7 sectors. More specifically, their sector-wise analysis covers the following industry areas: education, finance, government, healthcare, media, telecommunications, and transport.

- Graphical Analysis: The report outlines effective and accurate data presented in an easy-to-digest, visually appealing format.

- Critical Errors Identification: The report identifies common errors in the Finnish email authentication framework that could cause significant security vulnerabilities and make the country's state and non-state entities vulnerable to cyberattacks.

- Recommendations for Enhanced Security: Instead of simply raising concerns, the report also offers proactive solutions on how to best address them. In the report, you will find crucial

recommendations geared toward the improvement of DMARC, SPF, MTA-STS, and DNSSEC protocols adoption and correct implementation practices.

- PowerDMARC's Solutions: PowerDMARC provides a comprehensive suite of advanced email security services. Whether you need help with configuration, setup, or monitoring of SPF, DKIM, DMARC, and MTA-STS records, or are interested in AI-powered threat detection and smart reporting features, PowerDMARC has all the solutions you need for a more robust email security framework.

The CEO of PowerDMARC Maitham Al Lawati commented on the release of the latest report on Finland, mentioning: "The publication of our Finland Email Security Report for 2024 serves the important objective of improving email authentication adoption and thereby strengthening the domain security ecosystem in Finland and the rest of the Nordic countries. While this report focuses on Finland in particular, the insights drawn from our team's analysis can significantly help other countries in the region and beyond to take actionable steps toward a safer and more secure digital communication framework. "
