

New E-Bike Program Pays People to Lose Weight

Buy a New Optibike and Receive \$25 for every Pound Lost

PAONIA, CO, UNITED STATES, January 23, 2025 /EINPresswire.com/ -- Optibike, a leading manufacturer of electric bikes, is excited to announce their new [Weight Loss](#) Reward Program for 2025. This innovative program aims to incentivize individuals to lead a healthier lifestyle by combining the benefits of cycling with the motivation of monetary rewards.

Starting from January 1 to October 31, 2025, Optibike riders can earn \$25 for every pound of weight they lose. This program is open to all Optibike owners, regardless of their fitness level or cycling experience.

The Weight Loss Reward Program is a part of Optibike's commitment to promoting a healthier and more sustainable way of transportation. With the rising concerns of obesity and its related health issues, Optibike believes that this program can make a positive impact on individuals' lives. Not only does cycling help in weight loss, but it also reduces carbon emissions, making it a win-win for both personal and environmental well-being.

“

I've enjoyed my last year riding my Optibike. I've changed my physique and my health, I've lost 40 pounds.”

Steve

“We are thrilled to launch this program and encourage people to adopt a healthier lifestyle. Our electric bikes provide a fun and efficient way to exercise, and with the

added incentive of monetary rewards, we hope to motivate more individuals to get on their bikes and start pedaling towards a healthier future,” said Optibike CEO, Jim Turner.

Optibike's Weight Loss Reward Program is a unique and exciting opportunity for individuals to not only lose weight but also contribute to a greener planet. With the increasing popularity of electric bikes, this program is expected to attract a wide range of participants and make a significant impact on the community's health and the environment. For more information, visit Optibike's website or contact their customer service team.

Be Inspired to Ride in 2025

Back in 2010, Optibike launched the first Electric Bike Weight loss coaching program. In this program, Optibike coached riders on health tips and they rode their Optibikes and achieved large weight loss. Some riders lost up to 80 lbs during the year. This program was the first in America to demonstrate that riding electric bikes was an effective way to achieve weight loss.
