

Christmas Cheer Sheldon's 2024 Knife Designs and SHOT Show 2025 Preview

Celebrate Christmas with Sheldon's 2024 knife designs and get a sneak peek at exciting new releases for SHOT Show 2025!

YANGJIANG, GUANGDONG, CHINA, December 23, 2024 /EINPresswire.com/ -- With Christmas just around the corner, Sheldon is taking a moment to reflect on the exciting new knife designs that marked 2024. This festive season, we are celebrating not only the achievements of the past year but also looking ahead to what's next. As we wrap up 2024, we're preparing for the SHOT Show 2025, where we'll unveil even more cutting-edge designs. Whether you're looking for a new EDC knife or the perfect Christmas gift, Sheldon's latest offerings have you covered.

2024 New Designs

Sheldon MW01A Stinger

Materials: 14C28N steel blade, G10 handle with Micarta inlay

Design: Inspired by the Crusader theme, designed by Marcus Williamson (USA)

Features: The Stinger is a sleek and portable folding knife that transforms the rugged fixed-blade design into an everyday carry essential. Its 14C28N drop point blade with a stonewashed finish offers a balance of sharpness and durability, while the ergonomic lawngreen G10 handle with olive Micarta inlay ensures a comfortable, moisture-resistant grip. The front flipper tab with jimping allows smooth and secure deployment, and the reversible pocket clip offers versatile carrying options.

Sheldon RD02 Jalapenos

Materials: 154CM steel blade, double G10 laminated handle

Design: Developed by the Sheldon R&D Center with a Crusader-inspired theme

Features: The Jalapenos is an evolution of Sheldon's 2021 in-house design, now featuring a 154CM blade with a mirror-polished finish for superior edge retention and precision. The ergonomic forest green double G10 handle ensures a secure and comfortable grip, while the deep-carry clip with a tumbling finish offers discreet and comfortable carry. The nested liner lock keeps the knife secure while providing easy handling for both beginners and seasoned users.

Sheldon DC01P Scythe XL

Materials: CPM-S35VN steel blade, 6AL4V titanium handle

Design: Created by DC Blades (USA), inspired by martial arts and self-defense

Features: Building on the success of the original Scythe, the Scythe XL brings larger dimensions and premium materials for even greater performance. The CPM-S35VN blade features a Pikal point, perfect for reverse grip and self-defense, and the DLC-coated finish enhances durability and corrosion resistance. The titanium handle, complemented by a black titanium coating, offers a sleek, reaper-like appearance, while the ergonomic design ensures comfort and utility in both standard and reverse grips.

Sheldon RH01A Hoplon

Materials: 154CM steel blade, Micarta handle with G10 backspacer

Design: Designed by Rolf Helbig (USA), combining the practicality of a Japanese tanto blade with a compact [EDC folding knife](#) design

Features: The Hoplon is a versatile folding knife featuring a Japanese tanto blade with dual grinds for superior slicing, cutting, and piercing. The 154CM blade ensures long-lasting sharpness, while the contoured Micarta handle offers a secure grip. The front flipper and standard flipper both provide convenient opening mechanisms, and the nested liner lock guarantees smooth deployment.

Sheldon DC02A REV

Materials: 154CM steel blade, PEI Ultem handle

Design: Developed by DC Blades & Auxiliary Manufacturing (USA), inspired by reverse grip fixed-blade knives

Features: The REV combines innovative design with practical functionality, featuring a 154CM

steel Pikal point blade designed for reverse grip and self-defense. The DLC coating ensures corrosion resistance, while the translucent amber PEI Ultem handle adds a modern touch. The nested liner lock improves security, and the detachable thumb stud allows for customizable opening.

Looking Ahead to 2025: SHOT Show Preview

After the Christmas festivities, Sheldon is gearing up for the SHOT Show 2025, where we'll be unveiling even more innovative knife designs. The SHOT Show will take place from January 21-24, 2025, at the Sands Expo Center in Las Vegas. Be sure to stop by our booth (#40631) to see the DC01B Scythe, MS01A Hierophant, MT01A Colibri, DP01A Gambit, and RD01A Kite among other exciting new releases. These models showcase Sheldon's cutting-edge design and our ability to deliver top-tier OEM/ODM solutions. We can't wait to meet knife enthusiasts and industry professionals alike and share what's next for the world of blades.
