The project growth of TravelingWiki Foundation will also be supported during January 2025 with the launch of the new Capstone Program between TravelingWiki Foundation and Drake University's College of Pharmacy & Health Sciences in Des Moines, Iowa.

These efforts surround TravelingWiki's recent engagement with 40 US Senators and 50 members of the House of Representatives. Over recent weeks, TravelingWiki engaged Rep. Steny Hoyer (MD-5), the senior most Democrat in the U.S. House of Representatives. TravelingWiki also met on the steps of the U.S. Congress with the Former Acting Secretary, Then Acting Deputy National Security Advisor to the United States Vice President and the Deputy Chief, House Liaison Division, Department of the Air Force. The announcement follows up on TravelingWiki

Foundation's assiduous work to support the military community, including recent engagement with The Military Coalition (supporting 5.5 million military stakeholders and approximately 35 military organizations).

The work of TravelingWiki Foundation to serve across society stems back to the start of TravelingWiki Foundation. TravelingWiki Foundation's non-profit work across the US expands upon prior work in Pennsylvania, including the recent addition of TravelingWiki Foundation's free resources in 11 languages to the Philadelphia Autism Project, in cooperation with Drexel University; and presenting at PNC Park with the Pittsburgh Pirates on June 22, 2024 and August 4, 2024 to promote Autism awareness and Special Needs awareness, respectively, via themed baseball games (coordinated via many organizations throughout Pennsylvania) that also raised money for local area charities. TravelingWiki Foundation has heard from stakeholders that engage our organization about the importance of work to augment access to travel resources and the need to recognize the realities of the communities served. TravelingWiki Foundation takes the offering of free services to Special Needs community members very seriously. The expanded phone lines are emblematic of the rapid growth of free services offered by TravelingWiki Foundation as well as the engagement from across the world as to our services offered in 11 languages.

The CEO of TravelingWiki Foundation, [Jonathan Sutter](#), notes, "TravelingWiki started its phone customer assistance via 681-7-AUTISM in Iowa. These added phone service lines allow TravelingWiki Foundation to support as many stakeholders in the Special Needs community as possible."
