

CMIT Solutions Announces Partnership with SonicWall Managed Security Services in the Charlotte Metro Area.

MATTHEWS, NC, UNITED STATES,
December 26, 2024 /

EINPresswire.com/ -- CMIT Solutions is pleased to announce a new partnership with SonicWall to add advanced security system logging, advanced email threat protection, and an AI-based threat detection and response staffed by human experts 24x7 in SonicWall's US-based Security Operations Center located near Richmond, Va. Our team has worked with several other security operations teams over the last ten years and are excited to bring SonicWall's team onboard to augment our [cybersecurity service](#) offerings.

CMIT has supported and sold SonicWall products for the last fifteen years and is a level Gold Partner. So, this is an expansion of a long standing business relationship built on past performance. Emory Simmons, President of CMIT Solutions of Metrolina currently serves on SonicWall's North American Partner Advisory Council which has provided the opportunity to develop a deeper more effective partnership and provide advice to SonicWall that benefits all partners.

CMIT Solutions of Metrolina

IT Support Service

Cybersecurity Service Provider

CMIT Solutions stays on top of the latest cyber threats to ensure their clients are fully protected from known cyber threats by mitigating risks.
