

UkraineVerse: A Collaborative Initiative for Digital-Driven Reconstruction

AI Metaverse Leader Secures Framework Agreements Worth Billions for Ukraine's Reconstruction

AUSTIN, TX, UNITED STATES, January 2, 2025 /EINPresswire.com/ -- BizzTech has announced the signing of four framework agreements, marking its entry into Ukraine's digital infrastructure development market. These agreements establish a foundation for BizzTech to contribute to digital reconstruction initiatives, which are anticipated to attract significant global investment in the coming years.

The agreements provide a platform for collaboration with prominent stakeholders, including Mayors Club Ukraine, Economy of Trust Ukraine, Mayors of Europe, and Hafen City University in Hamburg. Together, these partnerships aim to leverage BizzTech's AI-powered metaverse technology to support urban planning and infrastructure optimization across key regions in Ukraine.

Driving Digital Transformation

BizzTech's proprietary platform integrates advanced digital twin technology and AI-driven solutions to facilitate effective infrastructure planning and management. The company emphasizes a collaborative approach, working closely with Ukrainian municipalities and international partners

CEO BizzTech*

to align digital transformation efforts with local and regional needs.

“Our goal is to support Ukraine’s digital infrastructure development through innovative and scalable solutions,” stated Dirk Schmidt, CEO of BizzTech. “This initiative reflects our commitment to fostering collaboration and delivering measurable results for stakeholders.”

Demonstration of Capabilities at CES 2025

BizzTech is conducting executive briefings at CES 2025 to

showcase the practical applications of its platform. These sessions will highlight the platform’s capabilities, including real-time digital twin modeling and AI-powered optimization, designed to enhance decision-making in infrastructure projects.

Growth Strategy and Market Potential

BizzTech’s market strategy includes phased deployment of its technology to ensure scalability and sustainability. The company aims to generate early-stage revenues while positioning itself for long-term growth in this emerging market. Supported by its robust intellectual property portfolio, BizzTech is well-placed to address the complex challenges of digital infrastructure development.

About BizzTech and its Partners

BizzTech specializes in enterprise metaverse solutions, delivering advanced digital transformation technologies to global markets. Its collaborations with partners, such as Mayors Club Ukraine and Hafen City University, bring together governance expertise and academic innovation to ensure the alignment of solutions with the unique requirements of Ukraine’s reconstruction efforts.
