

# Join the Climate Revolution: Contribute to the Next Chapter of Building Fjords in the Great Deserts

*Collaborate with global experts and advocates to refine groundbreaking solutions for climate resilience, water sustainability, and environmental restoration*

GLENDALE, CA, UNITED STATES, January 18, 2025

[/EINPresswire.com/](https://EINPresswire.com/) -- As the climate crisis continues to demand bold and innovative solutions, James Michael Matthew's groundbreaking initiative, Building Fjords in the Great Deserts, is gaining significant momentum. Now, Matthew invites readers, experts, and climate advocates to become an integral part of the movement by contributing to the much-anticipated Second Edition, subtitled Peer Review.

The first edition of Building Fjords in the Great Deserts captured global attention with its bold vision of creating sustainable fjords and salt marshes in arid regions to combat climate change, manage public lands, and reshape water infrastructure. The Second Edition aims to amplify this vision by incorporating diverse perspectives, expert insights, and collaborative ideas.

## Why Join the Movement?

Contributors will have the unique opportunity to:

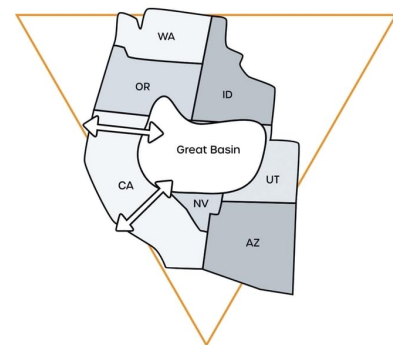

The climate crisis requires more than awareness—it demands bold innovation and collective action”

*James Michael Matthew*

1. Provide Peer Reviews: Share scientific, engineering, and policy expertise to refine the project's groundbreaking proposals.
2. Offer Inspirational Quotes: Include your voice in a work that aims to inspire action on one of the greatest challenges of our time.
3. Be Recognized: Contributors will be acknowledged in the published Second Edition, cementing their role in this

## BUILDING FJORDS in the GREAT DESERTS

Combining Forgotten Lands and  
Forgotten People to Defeat Ancient  
Climate Change

Building Fjords in the Great Deserts

transformative initiative.

4. Create Impact: Your involvement can help advance practical solutions to climate change, foster global collaboration, and leave a legacy for future generations.

#### Collaboration to Combat Climate Change

“The climate crisis requires collective action and innovation. This project is not just a book; it’s a movement,” says James Michael Matthew. “The Second Edition, Peer Review, is a platform to unite diverse voices, spark meaningful dialogue, and bring actionable ideas to the forefront.”

By joining this effort, you become part of a collaborative network dedicated to addressing the urgent environmental and economic challenges facing our planet. Whether you’re a scientist, engineer, environmental advocate, or simply a passionate individual, your input can make a difference.

James Michael Matthew

#### Join the Revolution

To contribute to Building Fjords in the Great Deserts – Second Edition, please contact <https://www.jmprophecies.com/about-us/contact-us/> or email [james@jmprophecies.com](mailto:james@jmprophecies.com). Submissions are open until June 31, 2025. This is your chance to take part in a transformative climate initiative. Together, we can turn visionary ideas into actionable solutions and build a better future for all.

#### About The Author

James Michael Matthew is an award-winning author, visionary leader, and Founder and Chairman of JM Prophecies Corporation. He leads global initiatives aimed at solving critical challenges and promoting fairness through his innovative "Selfless Economy" model. Matthew's distinguished academic credentials include a master's degree from Johns Hopkins University, an MBA from Michigan State University, and a BA from the University of Illinois-Springfield, with further studies at Oxford and MIT. Through his writing, leadership, and advocacy, Matthew continues to inspire others to lead with purpose and vision.
