

LABUSA INTRODUCES ENHANCED M-LMS THROUGH CUTTING-EDGE AI AND EXPERT-CURATED LEARNING

LABUSA is excited to announce significant advancements to its Modular Learning Management System (M-LMS), aimed at revolutionizing training for organizations.

PEARLAND, TX, UNITED STATES, January 10, 2025 /EINPresswire.com/ -- LABUSA is excited to announce significant advancements to its Modular Learning Management System (M-LMS), aimed at revolutionizing training for businesses and organizations. These updates, developed through collaboration with industry experts and powered by AI, are designed to address the growing demand for skilled professionals in an ever-evolving digital landscape.

The enhanced M-LMS provides a comprehensive, adaptive, and scalable learning solution tailored to meet diverse business needs. With deployment options ranging from managed Software as a Service (SaaS) to Hybrid and Onsite solutions, M-LMS empowers businesses with flexible, secure, and personalized training pathways.

“

These enhancements to M-LMS demonstrate our dedication to equipping businesses with the tools they need to thrive in a competitive landscape.”

*Martin Laster, President of
LABUSA*

Key Features of the Enhanced M-LMS
Certification and Licensing, SCORM Compliant, Gamification, Customization and Personalization, Language Translation, and more. See all new features [here](#).

The M-LMS system is designed to improve workforce

proficiency, streamline training management, and ensure organizations meet modern cybersecurity challenges. Businesses benefit from AI-enhanced adaptability, gamified learning

elements, and robust data security across all deployment models.

About LABUSA

LAB Information Technology Incorporated (LABUSA) is a managed service provider that enables organizations to build a robust digital business model. We provide managed services through an open hybrid cloud strategy integrating public, private, and on-premises computing systems with intelligent edge devices. Our solution extends the information technology environment's efficiency, security, reliability, and cost-effectiveness. Federal, state, and local governments trust LABUSA to provide cloud-based solutions to reduce costs and manage risk.
