

SolarisTech Launches 'Remote Inspection Manual: Advanced Practices for Effective Implementation'

SolarisTech unveils a game-changing guide for remote inspections, advancing excellence with cutting-edge tech and practical solutions.

MIAMI, FL, UNITED STATES, January 1, 2025

[/EINPresswire.com/](https://www.einpresswire.com/) -- SolarisTech is proud to announce the release of its latest publication, Remote Inspection Manual: Advanced Practices for Effective Implementation. This comprehensive guide delivers practical, results-oriented solutions to help professionals optimize inspection processes, adopt cutting-edge technologies, and set a new standard of operational excellence in remote inspections. The manual underscores SolarisTech's dedication to providing straightforward, actionable guidance for professionals in the maritime and offshore industries. Designed for inspectors, managers, and industry stakeholders, the book combines the latest in technological advancements with proven methodologies to enhance compliance, efficiency, and continuous improvement.

A New Partnership with Gosships

This release also highlights SolarisTech's partnership with Gosships, a leading platform for foundational and intermediate training in the maritime and offshore industries. Through this collaboration, SolarisTech is integrating insights from technical advisors to develop forward-looking training programs aimed at advancing industry expertise. The Gosships Learning Series, featuring eBooks and online courses, complements this manual by offering professionals a structured path to build their knowledge and skills.

Inspiring Industry Advancement

The Remote Inspection Manual serves as a tool for transformation, equipping organizations with actionable frameworks and real-world strategies. By showcasing how drones, augmented reality

(AR), artificial intelligence (AI), and IoT can revolutionize inspection workflows, SolarisTech empowers professionals to embrace innovative solutions. Additionally, it provides practical resources for managing risks, enhancing team training, and implementing corrective actions that ensure long-term compliance and operational success.

"Our goal is to simplify complex processes and inspire professionals to achieve excellence," said Thomas Blenk, President & CEO of SolarisTech. "With this manual and our collaboration with Gosships, we are delivering the tools and knowledge necessary for industry leaders to stay ahead in a rapidly evolving landscape."

Gosships Media: Navigating Knowledge and Innovation Across Maritime, Offshore, and Energy Sectors

A Must-Have Resource

Complete with self-assessment tools, customizable templates, and actionable insights, Remote Inspection Manual: Advanced Practices for Effective Implementation is an essential resource for anyone committed to advancing their remote inspection capabilities.

Our mission is to simplify complex processes and empower professionals with practical tools and innovative strategies to excel in remote inspections and compliance."

Thomas Blenk
