The India disposable protective clothing market is projected to reach \$1.43 billion by 2027, growing at a CAGR of 15.5% from 2020 to 2027

WILMINGTON, DE, UNITED STATES,
December 30, 2024 /

EINPresswire.com/ -- According to the report published by Allied Market Research, the [India disposable protective clothing market](#) generated \$0.45 billion in 2019, and is expected to generate \$1.43 billion by 2027, registering a CAGR of 15.5% from 2020 to 2027. The report offers an in-depth analysis of changing market dynamics, top winning strategies, key investment pockets, major segments, Porter's Five Forces, and competitive scenario.

India Disposable Protective Clothing Markets Trends

Download Sample Report: <https://www.alliedmarketresearch.com/request-sample/7161>

Rise in demand from end-user industries such as food and beverages and medical along with strict government regulations drive the India disposable protective clothing market. However, high costs associated with production of multipurpose clothing hinder the market growth. On the other hand, surge in investments in research and development activities present new opportunities in the coming years.

Leading players of the India disposable protective clothing market analyzed in the report include LakeLand Gloves and Safety Apparel Pvt. Ltd., Surgeine Healthcare (India) Pvt. Ltd, Narang Medical Limited, Mallcom (India) Ltd, GPC Medical Limited, Amaryllis Healthcare, Looms, Sai Safety & Works, Sure Safety (India) Limited, and ULTITEC.
