

# Don DePaulis, President & CEO of Relax in Comfort, Awarded PhD in Business Management from Charter University

ORLANDO, FL, UNITED STATES, January 2, 2025 /EINPresswire.com/ -- Relax in Comfort is thrilled to announce that [Don DePaulis](#), President and CEO of the company, has been awarded a PhD in Business Management from Charter University. This significant achievement recognizes both Mr. DePaulis' outstanding academic accomplishments and his over 40-year career as a pioneer and leader in the wellness furniture industry.

Charter University's decision to confer this distinguished degree reflects the depth and breadth of Dr. DePaulis' expertise. His contributions to the wellness furniture space, coupled with his rigorous research and academic pursuits, make him a trailblazer in his field. Dr. DePaulis' PhD journey is rooted in a profound commitment to enhancing lives through better sleep and comfort—values that have defined his career and inspired countless others.

## Background of Don DePaulis

A native of Orlando, Florida, Don DePaulis has built a legacy of academic excellence and professional achievement. He earned dual undergraduate degrees in Business Administration and Computer Science from the University of Central Florida (UCF), graduating magna cum laude. His time at UCF laid the foundation for a career that seamlessly integrates business acumen with technological innovation.

During his studies, Dr. DePaulis developed a keen interest in the intersection of technology and human well-being. This passion ultimately steered him toward a career in the [family business](#), he grew up in and where he has consistently pushed the boundaries of innovation to deliver products that improve quality of life. His academic background, coupled with his relentless

curiosity, has positioned him as a thought leader in the field.

### A Career Dedicated to Wellness and Innovation

With over four decades of experience, Don DePaulis has devoted his professional life to promoting better sleep and overall wellness. As the President and CEO of Relax in Comfort, he has introduced cutting-edge solutions to help individuals “sit, sleep, and feel better every day.” His portfolio includes state-of-the-art smart beds, massage chairs, and zero-gravity recliners, all designed to enhance comfort and improve health.

Flagship Winter Park, FL Showroom

Dr. DePaulis’ leadership extends beyond product innovation. He has cultivated and curated a team of leaders and doers, fostering a culture of collaboration and excellence at Relax in Comfort. His emphasis on teamwork and shared vision has propelled the company to the forefront of the wellness furniture industry, earning widespread recognition for its commitment to quality and customer satisfaction.

“

Receiving this PhD is an incredible honor that validates both my academic pursuits and my lifelong dedication to wellness. My ultimate goal is to help people to sit, sleep, and feel better every day.”

Research Focus: The Impact of [Sleep Deprivation](#)  
Throughout his career, Don DePaulis has prioritized research into the effects of sleep deprivation on society. His work explores how inadequate sleep contributes to poor decision-making in both private businesses and government institutions. By highlighting the critical role of sleep in cognitive function and overall health, Dr. DePaulis has championed the need for better sleep solutions as a

pathway to improved decision-making and societal well-being.

“Sleep deprivation is one of the most pervasive challenges of modern life,” said Dr. DePaulis. “It undermines our ability to think clearly, make sound decisions, and maintain good health. Through my research and our innovative products at Relax in Comfort, I aim to address this issue and help people achieve the restorative sleep they need.”

### A Vision for Healthier Living

Don DePaulis’ career is driven by a simple yet powerful vision: to help people live healthier,

longer, and more fulfilling lives. He believes that better sleep is the cornerstone of well-being, impacting everything from physical health to emotional resilience.

Under his leadership, Relax in Comfort has become a trusted name in wellness furniture, offering products that combine cutting-edge technology with ergonomic design. The company's smart beds feature advanced sensors and customization options, while its massage chairs and zero-gravity recliners provide therapeutic benefits tailored to individual needs. These innovations reflect Dr. DePaulis' commitment to empowering customers to prioritize their health and comfort.

#### A Personal Statement from Don DePaulis

Reflecting on this milestone, Dr. DePaulis shared his thoughts:

"Receiving this PhD is an incredible honor that validates both my academic pursuits and my lifelong dedication to wellness. My ultimate goal is to help people to sit, sleep, and feel better every day. This recognition from Charter University inspires me to continue innovating and advocating for better sleep solutions, knowing the profound impact they can have on individuals and society as a whole."

#### Looking Ahead

As Don DePaulis celebrates this significant achievement, he remains steadfast in his mission to advance the wellness furniture industry. His PhD in Business Management represents not only a personal milestone but also a testament to the transformative impact of his work. Relax in Comfort is excited to continue building on this legacy, driving innovation and delivering solutions that enhance the lives of its customers.

#### About Relax in Comfort

Relax in Comfort is a leading provider of premium wellness and comfort furniture, offering a range of products designed to improve health and well-being.
