

# Bathing Forest by Ting Jin Wang Wins Iron A' Design Award in Interior Space and Exhibition Design Category

*Ting Jin Wang's Innovative Residential Apartment Design Recognized for Excellence by International Design Competition*

COMO, CO, ITALY, January 2, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected international design competition, has announced [Ting Jin Wang's](#) "Bathing Forest" as a winner of the Iron A' Design Award in the [Interior](#) Space and Exhibition Design category. This prestigious recognition highlights the exceptional design quality and innovation demonstrated by Ting Jin Wang's residential apartment project, positioning it as a notable contribution to the field of interior design.

The Iron A' Design Award for Interior Space and Exhibition Design is a significant achievement, as it recognizes designs that not only meet professional and industrial standards but also showcase creativity, functionality, and a deep understanding of design principles. Ting Jin Wang's "Bathing Forest" exemplifies these qualities, offering a unique and practical solution that aligns with current trends and needs within the interior design industry.

Ting Jin Wang's award-winning design, "Bathing Forest," showcases a masterful optimization of space, combining natural textures like wood grain and cement to create a serene, Japanese-inspired atmosphere. The innovative use of a Tatami room with high racks and sliding doors allows for multiple functions, including fitness, guest accommodation, and leisure. The strategic placement of storage solutions and the incorporation of glass materials and iron display cabinets enhance the visual brightness and sense of spaciousness throughout the apartment.

The recognition bestowed upon "Bathing Forest" by the A' Design Award serves as a testament to Ting Jin Wang's commitment to design excellence and innovation. This achievement is expected to inspire future projects and contribute to the ongoing advancement of interior design standards and practices. The "Bathing Forest" project demonstrates Ting Jin Wang's ability to create emotionally resonant spaces that shape unique lifestyles and foster connections between people and their living environments.

Bathing Forest was designed by WANG TING JIN, who played a crucial role in the project's success.

#### About A' Design Award

The Iron A' Design Award is a prestigious recognition granted to designs that meet the rigorous professional and industrial standards set by the A' Design Awards. Recipients of this award are acknowledged for their practical innovations and contributions to their respective fields, showcasing their ability to address real-world challenges through thoughtful design. The Iron A' Design Award celebrates designs that demonstrate a solid understanding of design principles, creativity in execution, and the potential to improve quality of life and foster positive change.

#### About A' Design Award

The A' Design Award is an international, juried design competition that has been recognizing and promoting superior design since 2008. Open to entries from all countries and across all industries, the A' Design Award aims to identify, celebrate, and promote the world's best designs, ultimately contributing to the creation of a better world through the power of exceptional design. The competition is judged by a diverse panel of esteemed design professionals, industry

experts, journalists, and academics who evaluate entries based on pre-established criteria. By participating in the A' Design Award for Interior Space and Exhibition Design, designers and brands have the opportunity to showcase their creativity, gain global recognition, and be acknowledged for their superior design capabilities.
