

# Versabin by Weiwen Xiong Wins Iron A' Design Award in Home Appliances Design Category

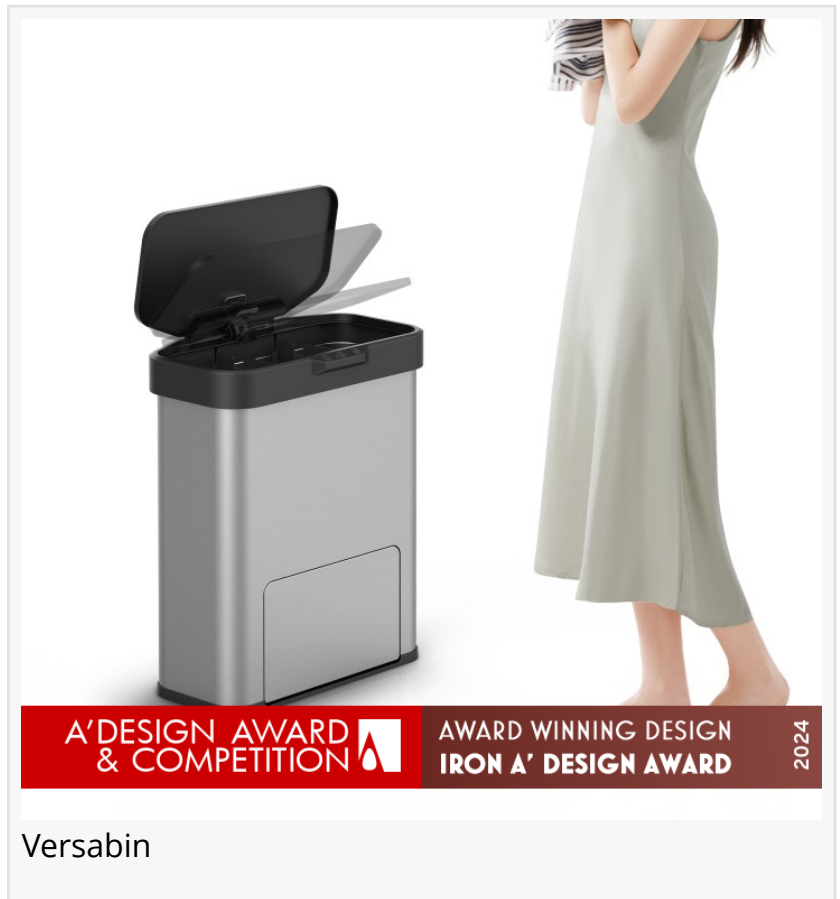

*Innovative Smart Trash Can Design  
Honored for Excellence in Home  
Appliances Industry*

COMO, CO, ITALY, January 2, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of [home appliance](#) design, has announced [Weiwen Xiong's](#) "Versabin" as a winner of the Iron A' Design Award in the Home Appliances Design category. This prestigious recognition highlights the significance of Versabin's innovative design within the competitive home appliance industry.

Versabin's award-winning design addresses key challenges faced by households in waste management, offering practical solutions that enhance convenience and promote healthier living environments. By aligning with current industry trends and user needs, Versabin demonstrates the potential to positively impact the daily lives of consumers while setting new standards for home appliance design.

The smart trash can incorporates intelligent induction for hands-free opening, integrated garbage bag storage for easy replacement, and automatic aromatherapy deodorization to maintain a pleasant home atmosphere. Versabin's hexagonal design seamlessly combines functionality with aesthetic appeal, utilizing environmentally friendly materials such as stainless steel and degradable plastics to ensure durability and sustainability.

This recognition from the A' Design Award serves as a testament to Weiwen Xiong's dedication to creating innovative and user-centric home appliance solutions. The award not only celebrates Versabin's achievement but also motivates the design team to continue pushing boundaries and

exploring new possibilities in the field of home appliance design.

Versabin was designed by Weiwen Xiong, Yu Ren, and Guo yu Wang, who collaborated to bring this innovative smart trash can to life.
