

Florida Mesothelioma Victims Center Appeals to the Family of a Welder or Skilled Trades Worker with Mesothelioma or Lung Cancer Anywhere in Florida to Call the Gori Law Firm- They Have No Equal in Florida

ORLANDO , FL, UNITED STATES, January 7, 2025 /EINPresswire.com/ -- The Florida Mesothelioma Victims Center is appealing to the family of a former welder or skilled trades worker who has just been diagnosed with mesothelioma or lung cancer anywhere in Florida to please call the Gori Law Firm at 866-532-2106 about financial compensation. The Gori Law Firm has an office in Orlando as well as offices coast to coast and they are one of the most respected law firms for people with mesothelioma or lung cancer in the USA.

The group says, "The reason we are so focused on welders and most types of skilled trades workers who have developed mesothelioma or lung cancer is because these specific types of workers would have been on the front lines of asbestos exposure before 1983. As an example, a welder not only was exposed to asbestos making welding repairs on equipment or machinery- they also had to wear aprons, coats, helmets, gloves and face protection that were all frequently made with asbestos. Other skilled trades workers who would have had substantial exposure to asbestos before 1983 include plumbers, electricians, auto mechanics, machinists, pipefitters, carpenters, roofers, and insulators.

"If your husband or dad now has mesothelioma or lung cancer and they were a welder or skilled trades worker in Florida please call the Gori Law Firm at 866-532-2106. They literally have no

equal in Florida." www.gorilaw.com
